

Hyungchan OH

CNC Machinist

Hyungchan OH

Cranston, RI 02920

401.480.2332 | Chanoh0926@gmail.com

PROFESSIONAL SUMMARY

Precision-focused CNC Machinist with 500 hours of hands-on training in CNC programming, setup, operation, blueprint reading, precision measurement, and quality inspection. Brings 7+ years of experience in quality-driven environments, with a strong background in tool operation, technical documentation, and quality control. Trained on Fanuc and Haas controls with foundational G-code and CAD experience. Recognized for accuracy, adaptability, and consistent adherence to safety and production standards. Bilingual in Korean and English.

CERTIFICATIONS

NIMS CNC Level 1 Milling: Programming, Setup and Operations | 2026 - In progress

OSHA 10-Hour General Industry | 2026

NAIL TECHNICIAN Certification | 2026

Barbicide Certification | 2025

TIPS (Alcohol Server Training) & FOOD Handler Certification | 2024

TECHNICAL SKILLS

CNC: Programming, setup and operation; Fanuc and Haas controls; basic G-code; speeds and feeds; tool wear inspection

Machining: Manual mills; band saws; rotary and hand tools; material handling and finishing

Quality: Blueprint reading; dimensions and tolerances; calipers, micrometers and height gauges; quality inspection; defect identification and documentation

CAD & Design: Fusion 360, AutoCAD; Rhino 3D; X/Y/Z

coordinate systems; dimensional positioning; Adobe Creative Cloud; Canva

Technology: Microsoft Office Suite; Google Workspace

Languages: Korean (native); English (proficient)

PROFESSIONAL EXPERIENCE

Nail Technician | Ali Nail & Spa | Rhode Island | 2025–Present

- Operate rotary tools with controlled speed and depth while performing detailed precision work.
- Inspect completed work against quality standards and maintain consistent accuracy.

Ceramic & Craft Assistant | Three-Wheel Studio | Rhode Island | 2023–2025

- Performed precision trimming and finishing while maintaining consistent material thickness and dimensional accuracy.
- Inspected finished products, documented defects, and prepared completed products for packaging and shipment.

Hospitality Specialist | Various Venues | Rhode Island | 2017–Present

- Maintained quality and service standards in fast-paced environments while managing multiple priorities.
- Demonstrated reliability, attention to detail, teamwork, and effective communication.

UI/UX Designer | Technology Firms | South Korea | 2008–2016

- Applied spatial layouts, dimensional positioning, and X/Y/Z coordinate systems to technical design projects.
- Created technical documentation and translated specifications into precise visual designs.

SPECIALIZED EDUCATION & TRAINING

Jane Addams Resource Corporation (JARC) | Providence, RI

Careers in Manufacturing Program: Fast Track for CNC Operators | 2026

- 500 hours of hands-on CNC machining training focused on CNC mill and lathe programming, setup, and operation.
- Training included Fanuc and Haas controls, blueprint

reading, precision measurement, basic G-code, speeds and feeds, tooling, and quality inspection.

Bachelor of Graphic Design | University of Ulsan, South Korea

- Coursework included: Visual Communication, Digital Media Design, and foundational 3D modeling/CAD software tools.
